

USED SCHOOL SUPPLY COLLECTION

giving your school supplies a second life

GREAT NEWS! YOU CAN HELP ANOTHER STUDENT WITH YOUR SCHOOL SUPPLIES THIS YEAR!

Our school is hosting a **School Supply Drive**, in partnership with Midwest Mission. Schools in **Honduras** are in desperate need of school supplies. Every year, hundreds of school supplies that are still in good condition are thrown away. So, we are providing a way for you to donate your used (and new) school supplies.

At the end of the school year, we will have boxes available for you to drop off the school supplies you don't want to keep. This might be pens and pencils and erasers, notebooks with lots of empty pages, folders, and even book bags! Any supplies that could still be useful is accepted, except for 3-ring binders, and any broken items.

Midwest Mission always says – “if you wouldn't give it to a loved one, don't donate it.” So although we can give our used supplies a second life, please be mindful that we don't want to just donate trash!

HERE'S HOW IT WILL WORK:
