SENDING HOPE AND EMPOWERMENT AROUND THE WORLD AND AROUND THE CORNER

Fabric and Craft Supplies Donated in God's Timing

Robert Tom and his wife Lynette owned a fabric store located in Montpelier, Ohio. The fabric store, teeming with bright colors and fun patterns and craft supplies, was a big part of Robert and Lynette's life. When Lynette fell ill and moved to a memory care unit, they made the hard decision to close their dearly loved store.

Robert, wanting to make *good* out of this situation, decided to bless others through the closing of their store. He knew many of the handmade projects Midwest Mission offers require fabric, and that Midwest Mission would occasionally send bolts of fabric on shipments. Robert decided the best thing to do would be to donate all of the fabric and craft supplies to Midwest Mission.

He is no stranger to Midwest Mission. He spent many years donating his time to the ministry, served on the Board of Directors 10 years ago, and still has the same passion for the ministry as he did when he was a board member.

The building was given to a local church, with the stipulation that the fabric and supplies could be stored there until everything could be picked up. Picking up the supplies was a lot harder than originally planned. Two attempts were made to coordinate a pickup that didn't work out. After the second postponed attempt in December, Chantel Corrie, Midwest Mission's Executive Director, contacted Patty Nelson, Midwest Mission's current West Ohio Board Member, about visiting Robert to see how much fabric there was so they would know what kind of transportation was needed.

In January, Robert called Chantel on a Monday saying he had a lot of fabric stored in his apartment... and he was moving Saturday. With that deadline in place, Chantel immediately began to think about how Midwest Mission could get the

supplies from Ohio in five days.

God had a plan, and they just had to follow along.

It “just so happened” that Gene Turner, Midwest Mission’s Mission in Motion Manager, was already going to be heading that way that *same weekend* for a Rice Meal Pack in Michigan. Although they previously couldn’t seem to make the pickup work, God orchestrated perfect timing.

After the logistics were set, Chantel called Patty to assemble a team to help Gene and Robert load the

supplies. Patty was able to coordinate a team of three additional volunteers: John Pape, Bonnie Elsass, and Tom Wentle.

On Thursday, January 26, Gene began his trip to Ohio and Michigan in Midwest Mission’s semi truck. The next morning, they all met Gene at Robert’s apartment in Bryan, Ohio. Then, the team traveled to the location of the old fabric store, and spent the morning piling loads of fabric, sewing supplies, and craft supplies into the Midwest Mission semi truck.

In total, there were over 300 bolts of fabric.

“There’s no mission that has ever done what this mission has,” Robert said, in awe of seeing God work in and through Midwest Mission for so many years.

This fabric donation will give hope and empowerment to people around the world.

MIDWEST MISSION IS PREPARING TO SEND AID TO TURKEY

You can help us purchase needed supplies for the upcoming shipment.

To donate:

- go to midwestmission.org/donate
- mail a check to 1001 Mission Drive, Pawnee, IL 62558 with "Turkey" in the memo line.

Shipment #7 is Headed to Grenada

Grenada, located in the southeastern Caribbean, is one of our newer recipient countries. 38% of Grenadians live under the poverty line, many suffering because of droughts and inaccessible supplies. **Food For The Poor** works with in-country partners to get needed supplies to families who are suffering. They also have three children's homes, part of their **Angels of Hope** program, that receives items for 51 children. *

Being able to ship to Grenada means that we can help make a difference and impact the lives of those who are in need of basic resources. Our mission, although to send tangible resources, is also to send the intangibles - hope and empowerment to build a better life. We do this by praying over every item, every pallet, and every shipment that leaves the Midwest Mission building.

On Wednesday, February 8, a container arrived at Midwest Mission
The final destination: **Grenada**.

SENDING HOPE AND EMPOWERMENT AROUND THE WORLD AND AROUND THE CORNER

MIDWEST MISSION IS PREPARING TO SEND AID TO TURKEY

We are raising money to make and send Personal Dignity Kits to Turkey. Your monetary donations will allow us to quickly buy in bulk to replenish our stock of items that are needed for the kit.

To donate:

- go to midwestmission.org/donate
- mail a check to 1001 Mission Drive, Pawnee, IL 62558 with "Turkey" in the memo line.

Personal Dignity Kits Needed in Turkey

Rubble. Destruction. Chaos. That's the scene many in Turkey are experiencing right now. Some have lost their homes, others their businesses, others have lost loved ones. It's moments like these that those of us on the outside can be paralyzed, feeling helpless when looking in on such a dispiriting situation, not knowing what we can do.

But there is hope.

We see people from all over the world joining together to help rescue people, find shelter for others, deliver food and water. We watch as children are reunited with their parents, friendships are formed in the midst of loneliness and uncertainty, and we witness God's power work within the crisis as needs are met, and prayers are said all over the world.

That is what gives those within the devastation hope. That is what gives us hope. And, the needs in Turkey, paired with that hope is what moves us to action.

Are you ready to help?

Midwest Mission is preparing to send disaster relief supplies through our partner, North Star Foundation.

Earlier this week, Inna, from North Star, reached out with requests for specific needs. North Star has a preexisting relationship with the Turkish Consulate, allowing shipments to enter Turkey. After the earthquakes, North Star immediately began to collect supplies, and they set up donation drop-offs in Boston where they are located.

Donations began coming in, but they realized something.

It would be convenient if the hygiene supplies - like shampoo, toothbrushes, towels, etc. - were packaged together in bags for easy distribution. At the moment, they are getting the individual pieces that they would later have to put into Ziploc bags.

Inna was on the phone telling Brad Walton, Operations Manager, this and the light bulbs going off in his head were almost visible!

Midwest Mission Personal Dignity Kits are exactly what they are needing.

And so, we need to prepare upwards of 20,000 Personal Dignity Kits so we have what is needed to send to Turkey, as well as Ukraine and the other countries where we consistently send help.

What can you do?

1. You can donate! Monetary donations allow us to quickly buy supplies in bulk, and buy what is being requested by Turkey. Donate [here](#).
2. You can also buy items for the Personal Dignity Kit from our Amazon shopping list and have it delivered to Midwest Mission. To see the list, [click here](#).
3. You can pray! Disaster Relief is both a marathon and a sprint. There are years of recovery to come in Turkey. Pray for the people who are in crisis, pray for the people who are responding, and pray for God's hand in the process so that the people who are in need will receive life-saving supplies.

This is the first request for the first shipment - and there will be more.

Turkey was hit by these earthquakes, but they are also facing the bone chilling winter temperatures, a lack of food and water, and a lack of basic necessities. This is another disaster in and of itself. Your donations and prayer will help Midwest Mission send Personal Dignity Kits, and to be ready for when we are called upon for more shipments.

Dominican Republic Will Receive Shipment #8

On **Thursday, February 16**, the familiar sounds could be heard around the warehouse - the semi-truck pulling in, the fork lifts revving up, and the final boxes

moving to the loading dock. It was shipment day.

Leading up to Thursday, the operations team prepared all the boxes and pallets that would be going on this shipment, staging what would be going into the container on the loading dock.

This shipment is international **shipment #8** for the year, and it is headed to the **Dominican Republic**. The container will go by semi-truck to St. Louis, then on the railroad to a port where it will load on a ship and be transported to the Dominican. Once it arrives, **Food For The Poor (FFTP)**, our biggest international partner, will transport the shipment to their warehouse. Then, the items will be split up and distributed to FFTP's partner nonprofits in-country.

There have been a lot of items going in and out of Midwest Mission already this year, and it has been exciting to witness. God is putting the right items in the right hands of the right people to do good around the world and around the corner. We have been able to continuously ship items out of the warehouse – some items barely sit on the shelf before getting shipped out!

This past week, a team from **Valparaiso, IN** worked on **Student Kits**. Those Student Kits left the warehouse just one day later on this shipment to the Dominican Republic. It's amazing to see people use their willing hearts and hands to serve people they may never meet.

This shipment included:

- 1,960 Student Kits
- 280 Layette Kits
- 10 Feminine Hygiene Kits
- 20 Cover Them With Love Quilts
- Baby blankets, diapers, sleepers, and sweaters
- Redirect medical supplies and equipment
- Redirect hygiene supplies
- Redirect school supplies

Value: \$280,540.04

Medical Supplies Show God's Love in Grenada

This is 14-year-old, Jeremiah. He lives in **Grenada**, and is a ray of sunshine to everyone he meets. Jeremiah also has a few physical limitations, having multiple surgeries since birth which left him with physical challenges. He needs a wheelchair for mobility, and also requires disposable diapers so he can enjoy life as a young boy.

In **Grenada**, medical supplies and diapers are expensive, and unaffordable for most. Health is one of the four core areas at Midwest Mission, providing medical supplies and equipment to those who do not have access to necessary items. The last shipment from Midwest Mission included an assortment of medical supplies as

well as disposable diapers, to help meet medical needs in their communities.

As Food For The Poor's in-country partners in Grenada distributed supplies, they stopped at a children's home. It happened to be the children's home Jeremiah lived in, where they distributed medical supplies and kits.

Jeremiah was given disposable diapers.

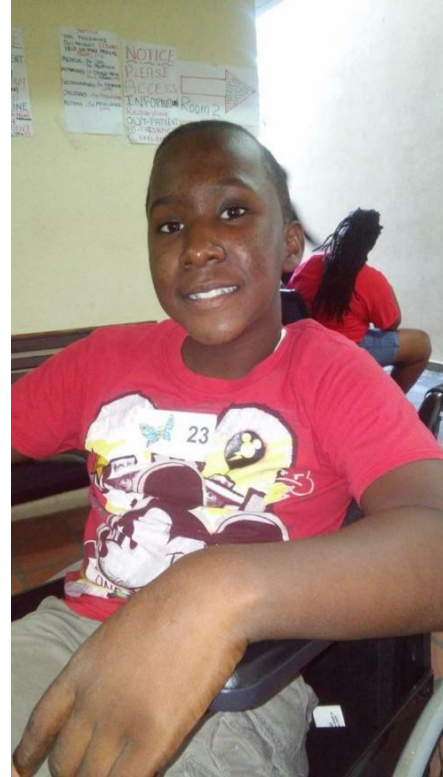

His response to the donation? "God really loves me."

How touching, yet heart-breaking that these disposable diapers were so needed yet unattainable that this was his sign that God really loves him.

At Midwest Mission, **our mission is to show God's love in a practical way** - we want everyone who receives a kit or item to know that they are loved by God, and by the people who sent the items.

Juanita, Jeremiah's social worker, said, "He is never down, if you were not seeing him, but only hearing him, you would never know that he has all these challenges. He is an inspiration to me."

May Jeremiah be an inspiration to all of us, and a reminder that each item we send shows God's love to someone who really needs it.

An Item for "Some Day" is Needed by Someone "Today"

As part of Midwest Mission's area of health, we send medical supplies and equipment in most of our international shipments. There is a great need in developing countries for supplies we take for granted in our country.

We have access to wheelchairs, crutches, and canes. We can borrow them from a friend, or purchase them from our doctor. Orthopedic supplies are a part of our everyday health care.

But for others? This is a luxury.

According to the Wheelchair Foundation, over 110 million people in the world need a wheelchair, but do not have one. Less than 10% of people who require a wheelchair in developing countries have access to one.*

Many of us in America have wheelchairs, crutches, and other orthopedic supplies sitting around, taking up space in closets and garages, because we *might* need them

some day.

But, what we *might* use *some day*, is desperately needed by someone *today*.

We will have access to another item, should we need it again.

They do not have access, and they *need it now*.

At Midwest Mission, we collect medical supplies, such as wheelchairs, crutches, and canes, to give to those who are in desperate need today.

Do you have something you are ready to donate? You can bring it to Midwest Mission (1001 Mission Drive, Pawnee, IL 62558) from 8am-4pm Monday through Friday, or leave it in our front breezeway when we are closed - don't forget to fill out a donation form!
