

# YOUR USED SCHOOL SUPPLIES CAN GO TO A CHILD IN NEED

Midwest Mission invites your school to participate in this **School Supply Drive**. Schools in Honduras are in desperate need of school supplies. The supplies that we normally throw away at the end of the school year could go to someone who needs it! Experience the joy of giving, and give your supplies a second life.

## How this works:

We provide a digital flyer, digital banner, and social media posts to get the word out.

Set up a collection point in an ideal location in your school. Use clean boxes that can be sealed or have lids, all sizes are okay.

Students place usable supplies and book bags in your collection box.

Once you are finished collecting, drop off supplies at a drop-off site.
