OUR MISSION

To bring the hearts and hands of God's people together to transform resources into humanitarian relief.

In 2000, Midwest Mission was established to address the shortage of places in the midwest that receive, prepare, store and ship items to where they are needed. We accomplish this through our four categories of aid: disaster relief, education, health, and micro business. Over 25 years later, Midwest Mission is still here—sending relief to those in need and making an intangible difference in their lives through hope and empowerment.
